7th Collaborative European Research Conference (CERC 2021)

Workshop »The Future of Education«

Online-Conference, September 9-10, 2021

education.cerc-conf.eu

Call for Participation

At this year's CERC, the project »Education 4.0 for SMEs« is organizing a workshop on the topic »**Future of Education**«.

In this workshop we would like to meet with experts and practitioners on various topics in the field of education. We focus here on vocational education and training.

In the project we deal with the topics Mixed reality, knowledge management, instructional videos and motivation. We are happy to receive submissions on these and other **topics in the educational context**.

Even though CERC is a scientific conference, we would like to discuss in this workshop in a very **practical** way.

Therefore, we explicitly invite people here who are **in practice with education**, such as trainers and teachers.

You can actively participate in different ways:

- Submission of an **article**
- (Co-) design of a **part of the workshop**.

A combination of both variants is also possible.

If you are interested in **participating as a guest**, please send us an email (see below).

Procedure

After presenting the submissions as impulse presentations, we would like to talk about these topics in detail in a moderated discussion.

Active phases are also planned, in which, for example something can be tried out or presented. We are open to your suggestions for this – please feel free to submit them. [1]

Note: The workshop will be held in English.

Publication

Jointly developed results of the workshop will be published in the conference proceedings. For the documentation of these results we will form a working group after the conference, in which you are welcome to participate.

Accepted articles are automatically part of the conference proceedings.

Submission

On the workshop website *education.cerc-conf.eu* you will find a link to a submission PDF, which you should fill out and send to the email address below.

In this PDF, please describe your intention in the *Abstract* field on max. 1 page in English.

In the *further explanations* field, you can optionally enter details of your intention in English or German that are useful for clarification.

Example: In the abstract you describe a new learning method that you use in practice. In the explanations you describe an experiment that you would like to conduct with the participants.

Important Dates

Submission deadline: **June 30, 2021**

Notification to authors: **July 31, 2021**

Registration deadline: **August 9, 2021**

Registration fees

- Workshop: 50 €
- Regular Author and Guest Registration: 120 €
- Student Registration: 80 €

Contact

We are happy to answer questions by **Email** to ***education@cerc-conf.eu***.

You are also welcome to contact us by phone: Dr. Robert Loew, +49 69 24708 - 883

You can find the website of the »Education 4.0 for SMEs« project at *b4kmu.de*.
